

The Proof is in the Mating

Mating dairy cattle makes a difference. We see it in this 566HO1235 ALL GAME daughter. She is owned by Jose Luis de Torre in Mexico who has mated his cows with IPS for 14 years. Shown here in her working clothes in her natural environment, this is the result of years of IPS matings. She's the kind of dairy cow we love to see. And we're even more thrilled when our IPS customers love the cows as much as we do.
