

## JUST IN TIME \*RC \*PP Comments in *Holstein International*

Recently, Holstein International highlighted 566HO1320 JUST IN TIME \*RC \*PP after the April 2020 Sire Summary. Here are their comments:

It was an impressive debut that Just In Time bred by Sugar-Creek Dairy, Wisconsin, has given in April. At 2579 gTPI he ranks among the top-15 PP sires in the US. Moreover, at 1,692lbs this IPS sire is the highest milk bull of all PP bulls on US basis and the Nr.1 type bull (1.71 gPTAT) among the top-5 milk bulls. And on top of it, this red-carrier offers a pedigree with 12 generations VG/EX sparsely used in the polled sector. The dam of that Simplicity son is Sugar-C JoJane VG-85, a Zipit x Powerball x Lexor x Super x Baxter out of Benner Goldwyn Juzette EX-91.

JUST IN TIME \*RC \*PP's information truly is impressive. Click here to see his complete sire summary information: <https://ipssires.com/bulls/holstein-genomic-sires/details/139/566HO1320-SUGARC-JUST-IN-TIME>.
