

## In His Own Class

High GTPI. Protein. Beautiful udders. This is what 566HO1225 GO TO GUY offers. He is the ONLY genomic bull in the breed that is +2788 GTPI, +83 P and at least +1.98 UDC according to the December 2019 Holstein USA's Red Books Plus Program. Add in his +1825 Milk, A2A2 and AB Kappa-Casein, GO TO GUY is so attractive for breeding programs. We also like his \$1132 DWP\$, +6.7 PL and 6.0% Calving Ease!

GO TO GUY is Skywalker out of a GP-81 Magnus. His maternal grandam has over 40,000M 1350F and 1280P. This is a deep cow family with many GMD and DOM designations.

Lastly - check out his outstanding udder linear at <http://ipssires.com/bulls/holstein-genomic-sires/details/134/566HO1322-BLUMENFELD-GO-TO-GUY>. For more information or to place an order, please contact IPS at 800-542-7593 or [contact@ipssires.com](mailto:contact@ipssires.com).
