

RAMP UP *PP: #1 GTPI*PP Daughter-Proven Sire

Homozygous Polled. Daughter Proven. Breed-leading. 566HO1259 RAMP UP *PP truly is THE BEST Polled Daughter-Proven sire. At +2461 GTPI, RAMP UP *PP is the highest daughter-proven homozygous Polled sire available after the December 2020 Sire Summary. He is also the #1 NM\$ (\$441) and GM\$ (346) daughter-proven Homozygous Polled sire.

RAMP UP is very well proven. He has 220 daughters in his proof. Confirmation that these are solid cows? Dairy producers in the United States, Europe and South America are coming back to use him again and again. They have very sound udders and a great ability to milk along with solid components.

This A2A2 Red Carrier is a Powerball-P son out of an EX-90 Man-O-Shan. She is backed by 9 generations of VG or EX maternal dams and traces back to the Queen of the Breed, Roxy.

The RAMP UP *PP milking daughters are impressive. Please check them out on RAMP UP'S website page by clicking on this link: <https://ipssires.com/bulls/holstein-daughter-proven-sires/details/67/566HO1259-ENDCO-PB-RAMP-UP>.
