

He is the REAL MACOY with +2770 GPTI

Regularly, we hear how dairy producers want moderate-sized cows. And we know great udders is a priority as well. 566HO1319 REAL MACOY combines these two traits ... along with much more! At +2770 GTPI, REAL MACOY is also +2.01 UDC, +1.90 Type and +1.67 FLC. Not only does his linear indicate moderate size, it also shows strength!

REAL MACOY has solid wellness traits as reflected in his \$1118 DWP\$ as well as outstanding health traits with +5.1 LIV. He is also A2A2 and BB Kappa Casein.

REAL MACOY is a Solution out of a GP-82 Bandares who is backed by 11 generations of VG or EX dams.
